## **DETAILED ACTION**

### ***Continued Examination Under 37 CFR 1.114***

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 9/23/04 has been entered.

Applicant submitted an amendment with the RCE wherein the specification was amended and claims 1 & 3 were also amended. Claims 1-5 are pending.

## **REASONS FOR ALLOWANCE**

Claims 1-5 are allowed.

The following is an examiner's statement of reasons for allowance:

The subject matter of the independent claims could either not be found or was not suggested in the prior art of record. The subject matter not found were the steps of withdrawing a blood supply, separating a hemoglobin-vesicle from the blood supply, irradiating the hemoglobin-vesicle suspension with light to oxidize the hemoglobin contained in the hemoglobin-vesicle suspension into methemoglobin to regenerate the oxygen binding ability in combination with the other elements (or steps) in the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
